

Contents

Section I :Dental Material Science Section

1.Effect of Dimethyl Sulfoxide wet bonding technique on dentin wettability and resin-dentin bond strength; an In vitro study1

Dalia A. Youssef, Mohamed M. Kandil, Tarek S. El-Dine Hussein

Section II:Fixed Prosthodontics Endodontics, Conservative Section

1. Effect of Different Light Curing Distances on Surface Hardness of Two Different Bulk-Fill Flowable Resin-Based Composite Materials 11

Dr. Omaima Hassan Ghallab, Dr. Asmaa Youssef Harhash, & Sara Ismail Abdel Wakeel Mntasser

2.Measurement of mandibular canal diameter using cone beam computed tomography. An experimental pilot study23

Alya Mahmoud, Shaimaa Abu Elsadat, &Shehab Al-Din Saber

3.The Effect Of Silver Diamine Fluoride On Bond Strength of Universal Adhesive To Demineralized Dentin30

Amany Y.Radwan, Mohammed M. Anwar & Khaled A. Nour

4.Evaluation of Bond Strength of Two types of Resins with Different Viscosities to Lithium Disilicate Glass Ceramic after Two Types of Surface Treatments. (In vitro study).....38

Haitham Tohamy, Marwa M. Wahsh & Maged Zohdy

5. Accuracy of Two Electronic Apex locators in Determining Simulated Root perforation (In Vitro Study).....51

Mohamad Samir ,Abeer Elgendy, &Tarek ElSewefy

6. Clinical Study Comparing The Internal Adaptation And Marginal Fit Of All-Ceramic Zirconia Fixed Restorations Obtained From Conventional And Digital Intra oral Impression Techniques. (Randomized Controlled Clinical Trial).....60

Rivan Mahmoud Gamal , BDS / Suzan Mahmoud El said, BDS, MSD, PhD &Rabab Mohamed Ibrahim BDS, MDS, PhD

Section III :Histopathological Section

1. Investigation of the toxic effect of titanium dioxide nanoparticles and the possible recovery after 4 weeks withdrawal on the submandibular salivary gland of albino rats: An in vivo study 70

Mark Mokhles Fekry, Medhat Ahmed El-Zainy & Reham Magdy Amin

2. Comparative study on the effect of Grape seed extract and sodium fluoride on demineralized Cementum of Human premolar samples77

Abeer A.A. Mohamed, Medhat A. El-Zainy & Dahlia Ghazy M. Rateb

Section IV :Oral & Maxillofacial Surgery Section

1. Surgical Management of Velopharyngeal Dysfunction in Patients with Cleft Palate: A Systematic Review.....86

Aseel Asar, Mahmoud Yehia Abdulaziz , Ramy Gaber & Marwa Abdel Wahab Elkassaby

Section V :Oral Medicine, Periodontology &Oral Radiology Section

1. Leukocyte - Platelet Rich Fibrin (L-PRF) in Combination with Tunneling Technique in Management of Gingival Recession: Randomized Clinical Study.....91

Ebrahim AbdelMohsin Ahmed ; Nevine Hassan Kheir El Din;& Ola Mohammed Ezzat

Section VI :Orthodontics & Pedodontics'Section

- 1.Modified Haas Expander for Relief of Crowding in Children
A Randomized Controlled Trial96

*Mohamed Moustafa Hadhoud, Hamdy Hafez Elzahed, Ibrahim Mazen Negm
& Noha Hussien Abbas*

Section VII : Prosthodontics' Section

1. Comparing Two Suggested Techniques to Correct
Improperly Angulated Implants in Mandibular Kennedy
Class I Implant Supported Partial Overdenture105

Noura A. EL-batrick, Hany Eid & Shaimaa Lotfy

2. Stress Induced by Mandibular Screw Retained Hybrid
Denture on “All-On-Four” Implant Distribution:
Comparison between Three Different Hybrid Denture
Materials: In-Vitro Study111

Ingy Amin Talaat, Yasmine Thabet,& Essam Ragab Abd-Ellah
